Visiting Victor Award - June 2020  
DTM - 2020

### Relevant work experience and how it relates to Toastmasters and your role as a District leader:

Leadership - lead ISO 27001 projects for audit compliance.  
Mentoring - Mentor engineers at work  
Teaching - Taught Computer Classes for 16+ years. Sometimes conduct online training on ISO 27001

### What experience do you have in strategic planning?

I presently manage the ISO 27001 Compliance Audits, planning risk assessments, committee meetings, etc. for the various locations. Also, at one time, my previous club (Raritan Toastmasters) was deemed a failing club. With strategic planning and hard work, we were able to turn the club around in 2019 to achieve the President Distinguished Club Award (The first time in the history of the club). We also achieved President Distinguished Club status in 2020.

### What experience do you have in the area of finance?

While I've done several finance classes in my MBA program, my finance experience is limited to managing my personal finance.

For compliance audits, I need to develop, update and review security policies and procedures.

What experience do you have in developing procedures?

What lessons did you learn from previous leadership positions?

When people know that you care, they are willing to work with you for the best outcomes. Leadership is about standing with your team and working along with them.

We need to build clubs with solid foundations if we want strong Areas and Divisions. To do so, we need to work with the clubs in setting milestones and implementing metrics to gauge performance. I have done this on the club and area level, and am confident that I can bring the same energy and enthusiasm to the division level.

Why do you want to serve as a District leader?

In your opinion, what are the District mission's major objectives and how would you work to achieve them?

I feel that my goals for serving as a district leader aligns with the district's major objectives of building a resilient foundation, fostering cohesive clubs and enhancing performance within the district.

Additional information about yourself:

I'm a life-long learner. We can all learn something from everyone.

Mentoring - Mentor Engineering Students from the New Buildings Institute "Getting To Zero" Program. Also mentored Toastmasters from various clubs.

Coaching - Have done Club Coaching for a few Toastmasters club Sponsoring - Sponsored Toastmasters' club
